Interact Club Installation

The installation of the leaders of the Interact Club was held in the visual hall on 12.07.2013.. Rtn. Tamilselvam was the chief guest of the function. The teacher in charge of the interact club, Mr. Sridhar gave the interact club report for the previous year.

The School Newsletter MCCS Cambuzz was formally released on the Sports Day 20.07.2013. The Chief Guest Kalaimamani Abirami Ramanathan released the news letter and the school pupil leader received the first copy.

From the Headmaster's Desk

Greetings to all,

The school had a great start this academic year. As you read through you will know that the campus was buzzing with activities. The Sports day a major event was successfully over on the 20th of July. The Lord who has been leading through, once again extended this faithfulness on that day. On the eve of the sports day we had heavy rains and the ground was flooded. The weather looked very unpromising and totally unfit to have the sports day. The staff and the students looked up to me to decide to have or cancel the sports day., But I looked up to God and resting entirely on His faithfulness I decided to have the sports day. I saw no silver lining behind the dark clouds we prayed together.

Of course I had a sleepless night. The next day dawned bright. There was no sign of rains. My service staff immediately got down to work. The water was drained and soon the ground was made ready. The sports day went on with the usual cheer and spirit. I thank my God for His continuous blessings.

"With Christ in the vessel
We at MCC smile at the storm"

G.J. Manohar
Headmaster & Correspondent

The Office Bearers of the Interact Club are:
The President : Rasan Maibam.
The Vice president : A. Asrar Ali Khan.
The Secretary : Thingom Dennish.
The Treasurer : Daniel Shalome.

Oasis

In the warring world bloodshed and death is rampant. When we trace back the origin of bloodshed and death, the scripture leads us to the Garden of Eden where there was bloodshed and death for the first time in the world history. It was not the blood of Man but the blood of some animals for Man's sake. Man's disobedience to God brought 'blood and death' into the world.

When Adam and Eve consumed the forbidden fruit, they lost peace and lost connection with God. "The wages of sin is death...." "Without bloodshed there is no redemption" God is loving and forgiving. Instead of claiming the penalty of sin from Adam and Eve, God chose some animals to be killed as substitute for Man's sin. The colour of the blood must have reminded Adam and Eve the danger and seriousness of sin and the struggle of the animals while dying must have brought to their sense the agony of death. The blood of animals covered the sin of Adam and Eve and the death of the animals saved their life. Thus God taught Man to sacrifice animals as sin offering and through Adam and Eve animal sacrifice came down to the generations. In due course it turned as ritual without repentance. Knowing the plight of Man wallowing helplessly in the sin stricken world, God took the form of Man and offered Himself to the world as sin offering. He shed his blood on the cross and died but He rose on the third day. The blood of Jesus Christ cleansed the sin of Man and his death saved Man from eternal condemnation - hell. Whoever believes in Him will not perish but will have everlasting life.

In this hopeless warring world Jesus is the only Way, the Life and the Truth to restore lost peace and harmony in the World.

- Daniel Vasanthan, PGT

Today's education has become more globalised and theoretical. It helps us to nurture our minds with great statistics and ideas, which also prepares us to live in this competitive world. Our school has stepped forward for developing various opportunities for our students. Studying overseas not only gives a better exposure to good quality education but also provides a glimpse to a different culture, people and society.

On 03.07.2013 (Wednesday) our school arranged a conference with the Alpha Group of Overseas studies on doing M.B.B.S in China Beckyzhang, Vice President CMEI came from China to tell us about study opportunities in china.

Nursery & Primary News

Since the inception of the MCC Nursery & Primary School in the year 2008- 2009.

We have run the race, kept the pace and left out mark, committed to the long term focusing on a sustainable future. We developed policies and defined goals that resulted in renowned achievements.

The School re-opened after the summer vacation on 10th June 2013. This academic year a new section is added to the first standard making a total strength of 720 students of which 554 are boys and 166 girls. The classes for the Tiny Tots opened a few days later on 12th June 2013.

The International Friendship Day was celebrated on 30.07.2013

A Medical camp was conducted on 23.07.2013 by the Hatsun Agro Products Pvt.Ltd.

Teacher's Talk

Wow, what a Fantastic launch it was! A perfect launch too! It started from MCCS, Chennai to NASA, in USA. In the first page, we could see our assembly area and in the last page it is 'Assembling' Area. A small area to a greater extent is something great! A right path that had been beautifully designed. I congratulate the team who planned and succeeded in launching this Newsletter.

Success is

Do you know the First and foremost secret of success? It is planning! 'If you fail to plan, you plan to fail', is a popular saying. Do you know what is success? It is very simple. If you plan something and achieve it, that is success. For example, you have planned to complete the class work today and if you complete. It is success. When you plan to catch the 7.30 bus to school, you are to be in the terminus on time, to succeed. Success is not only winning competitions and getting gold medals! It also lies in your day to day activities. So start tasting the success everyday!

Think Big

You are a student, who wishes to study well and get more marks, isn't it? Well, start to imagine that... It is eight months from now and you have everything you want. Try to visualize yourself on the victory stand or among the media people and your teachers, friends and your parent felicitating you on your grand success! Believe me you are going to achieve. All you need to do is. Aim big and Act accordingly.

Prayer Power

To achieve anything worthy in life, it is important that you should be able to apply the power of prayer. It doesn't mean that you need to spend your whole time in prayer and expect an excellent result in exams. It is a catalyst, of course a very important and essential catalyst. To become successful, we need inner strength beyond human power the incredible power of God, which is freely given. So 'Ask and it will be given to you'.

And I assure, you will receive his showers of blessing in your day to day life. I conclude by wishing you all the very best.
- J. Joseph Jerald Social Science Tr.

NCC Army Wing

From our school 45 NCC Army Wing students were taken for a camp in Vel Tech Arts College, Avadi from 21st to 30th June. 360 cadets, from 15 schools participated in various competitions. Our

NCC Naval Wing

From our school 40 cadets visited the WarShip INS Shivanic Frigate Ship at Chennai Harbour on 26.07.2013 with ANO T/O. A.S. Joseph Samuel.

Science Club Inauguration

MCCHS S' science club was formally inaugurated on Monday, 15th July giving an opportunity for students interested in science to develop their talents. The chief guest for the afternoon was Dr

D Viswanathan, former Vice Chancellor of Anna University and the guest of honour, Mr Patrick, ETA form US. The function started with a word of prayer by our AHM Mr Parthiban Prasad. The welcome address was delivered by our HM Mr G J Manohar.

This was followed by the presidential address by Rasan Maibam of 12 D, the president of our science club and a winner of district level science exhibition organized by our school. Master Vignesh of 11 C then presented his project which is producing bio-fuels from genetically modified E. Coli bacteria. After this, Mr Paulson presented the robotics report followed by a live demonstration of robots by Mr Javed from the robotics club. Samuel Tennyson who is doing his aeronautical engineering in the US, shared his experience at NASA where he worked on the Lunar extreme access project. Mr Daniel Premanand then outlined the activities of our science club viz. organising and participating in science quizzes, exhibitions and talent exams.

The chief guest address came next. In his address, Dr Viswanathan appreciated the efforts of the school in starting the science club and gave a few suggestions on how to improve the science club further. He stressed the role of the next generation in taking our country to greater heights. He also mentioned the significance of higher education and urged all of us to complete our Masters and PhD. The vote of thanks was delivered by Mr R Natarajan, a senior science teacher. The function ended with the National Anthem.

'True friends are rare
Handle them with care'
'A life without a true friend is
A death without a witness'
Friends are that much important. Praise your friend in public
advice them in private. Sitting together, eating together, outing
together, chatting together, missing class together is not true
friendship.

Teacher's Article

A true friend is the one who will come in when the whole world goes out. A faithful friend is the one who cries when we cry who laughs when we laugh, who works when we work and uplift his life and our life. A true friend never talks ill about us to others. The two important things needed for true and faithful friendship is adjustment instead of argument, meaningful silence instead of meaningless words. I want everyone to maintain a good friendship, because relatives are by chance and FRIENDS are by CHOICE. The ship which never sinks is **TRUE AND LOYAL FRIENDSHIP.**
HAPPY FRIENDSHIP DAY

-Ashfara, Commerce Teacher

178th Sports Day & 66th NCC Day

Madras Christian College Higher Secondary School organized its 178th sports day & 66th NCC Day on 20th July 2013. The chief guests for the event were Kalaimamani Abirami Ramanathan, Managing Director, Abirami Theatres Pvt. Ltd and Grace Helena, Vice Chancellor, Tamil Nadu Sports University.

The event kicked off with the School prayer followed by the ceremonial march past and house march past. The sports meet was then declared open, the torch was lighted and the athletes took oath. With this, athletic competitions and guest events for the audience started. The Headmaster, G J Manohar delivered the welcome address. Charles Samuel, Third Officer, NCC Senior troop commander presented the NCC report. This was followed by the Chief Guest's address. In his address, Abirami Ramanathan, an alumnus of our school, mentioned the importance of sports. He related sports with academics saying, "Students who are good in sports are more likely to excel in academics". The Cultural events performed next, Aerobics, Scintillating trios and Ribbon in swing enthralled the audience.

The valedictory function began after this. The sports report was presented by M Joseph David Ebenezer, Physical Director. The chief guest address was then delivered by Grace Helena after which she distributed the prizes to the winners of various sports events and the best performing NCC cadets. This was followed by and mass drill. The event concluded with lowering the flag and the National Anthem. -David Vishal P, Class: XI - S
